Headline:
Dry with some warm sunshine on Thursday.

Today:
Early fog patches or low cloud quickly burning off to leave a mainly dry day with some long spells of sunshine. High cloud will increase later with perhaps a few spots of rain in the west by evening. Maximum temperature 19 deg C (66 deg F).

Tonight:
Cloudy with outbreaks of rain extending east to all areas during the evening, and becoming misty over high ground and southern coasts tonight. Minimum temperature 10 deg C (50 deg F).

Friday:
A cloudy day with some light rain or drizzle at times. Low cloud bringing some hill fog and perhaps some coastal mist or fog along North Channel coasts. Maximum temperature 16 deg C (61 deg F).

Outlook for Saturday to Monday:
Dull damp start on Saturday, but becoming dry, slowly brightening. Quite warm. Sunday looks warm dry and sunny. Cloudier on Monday with some rain.
